

**ACHA Webinars Presents:**

## ***Women's Health in Adult Congenital Heart Disease***

Monday, May 4, 2015, 7 p.m. – 8 p.m. EDT

**Presenters:**

**Sue Fernandes, LPD, PA-C**

**Anitra Romfh, MD**

### **About the Webinar**

Women often think about others before themselves, and for many adult congenital heart disease patients, their heart is at the center of their attention when it comes to health. To ensure a long, healthy life, women with CHD need to make preventive health screenings and positive lifestyle choices a priority. Drs. Sue Fernandes and Anitra Romfh will provide an encouraging and informative discussion on these topics, specifically geared towards women with CHD. You won't want to miss this empowering webinar! Register today.

### **About the Presenters**

Susan Fernandes is a clinical associate professor in the Departments of Pediatrics and Medicine, divisions of Pediatric Cardiology and Cardiovascular Medicine, at Stanford University. Dr. Fernandes currently serves as the program director of the Adult Congenital Heart Program at Stanford and has more than 20 years of experience in caring for adults with CHD as a physician assistant. Dr. Fernandes serves on ACHA's Medical Advisory Board, as well as the American College of Cardiology's Adult Congenital Pediatric Cardiology Council.

Dr. Anitra Romfh is a clinical assistant professor in the Departments of Pediatrics and Medicine, divisions of Cardiovascular Medicine, at Stanford University. She is an ACHD cardiologist in the Adult Congenital Heart Program.

### **About the Adult Congenital Heart Association**

The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, [www.achaheart.org](http://www.achaheart.org). To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

**This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc., Gilead Sciences, and St. Jude Medical Foundation.**
